How water reflects the true face of human News

from 12 September to 5 October

Place: [Arsenal](#)

The talented **photographer David ADIK works** reveal unprecedented **Israeli cultural facets**, where the echoes of antiquity and the present East-West experience intertwine single node. David ADIK oeuvre based their nation and family history studies.

By sharing the visual experience, documenting the seemingly ordinary and humble home living microcosmos and transforming it to the conceptual artifact.

The artist's photographs still life objects, people meet neighbors and close friends portraits, travel randomly exploring Attractive household kitsch elements - everything acquires a universal

generalization dimension and suggests the displayed much broader context.

Price € 1.42 adults, € 0.71 for pupils, students, pensioners.
